From

Lt. Col. Sangham Lal, M.B.B.S., F.R.C.S., D.O.M.S. (London),
Director of Medical Services, Madras-6.

To

The Secretary to Government, Health, Education and Local Administration Department, Madras.

--

Ref.No.47538-M-55 dated 8-8-55

--

Sir,

Sub: Raising the compound wall near the new maternity ward in Government Lady Goschen Hospital, Mangalore -

--

I forward herewith plan and estimate amounting to Rs.1,700/- (Rupees one thousand and seven hundred only) for raising the compound wall near the new maternity ward in Government Lady Goschen Hospital, Mangalore.

The report accompanying the estimate explains the necessity for the above work. The Executive Engineer, South Kahara, Mangalore has requested that the above work can be executed from the savings in the estimate for improvements to the Government Lady Goschen Hospital, Mangalore. In the circumstances stated, I request that the Government may be pleased to accord necessary administrative approval to the work.

Yours faithfully,

FOR DIRECTOR OF MEDICAL SERVICES

ASST. SECRETARY TO GOVERNMENT
9 AUG 1955
HEALTH EDUCATION AND LOCAL ADMINISTRATION DEPT.

MKH: 4/8

HEL A (HII)

From the DMS. No. 47532 M/55 of 8.8.55
Bldg - Lady Goschen Hospital, Manjalore:
raising the height of the compound wall

The compound wall on the eastern and north-eastern sides of the Maternity ward of the Lady Goschen Hospital, Manjalore is not high enough to afford privacy to the inmates of the ward from the market road which is a very busy one. It is therefore considered necessary to raise the height of the compound wall by 3 feet. The D.M.S. has forwarded plan and estimate amounting to Rs. 1700/- for this work. The expenditure can be met from the savings in the main estimate for improvements to the hospital approved in Govt. No: 2693 P.W. of 15.7.54. The proposal may be approved as it is economical.

The remarks of the P.W. dept and the Fin. dept may be invited Thro.

compound walls around Govt buildings in G.O.Ms 1025 PW(J) 24.4.1939. This ban has subsequently been extended to improvements to existing compound walls, re-construction of collapsed compound walls and to provision of barbed wire fencing, in G.O.Ms 1732 PW(J) 15.8.1940. But these restrictions are usually relaxed in the case of jails to prevent escape of prisoners and in the case of women institutes for affording safety and privacy. The reasons given at X of the report accompanying this Memo at (G) warrants treatment of the present case as essential. The estimated cost also is not much (Rs 1700/-). Hence this dept need not object. HELA may be requested to circulate the case to M(W), also as the cost exceeds Rs 1000/-

with these remarks the file may be passed on to Finance
